Who is Buffalo Niagara Human Resource Association?

Buffalo Niagara Human Resource Association (BNHRA) is a not for profit association comprised of a diverse group of professionals involved in a variety of leadership and support roles within the human resource management profession. Founded in 1974 and over 600 members strong, we are the local chapter of the national Society for Human Resource Management (SHRM) and have been awarded Superior Merit Awards for the past several years. BNHRA is the premier association in Western New York driving the Human Resource profession to the level that is critical to organizational success.

Our Purpose...

Our mission is two-fold: To provide opportunities for conferences, cooperative research, exchange of information among members, and to raise the standards of performance in all phases of human resource management and labor relations.

Chapter Background...

The Buffalo Niagara Human Resource Association - formerly known as the Niagara Frontier Chapter of SHRM and before that ASPA, American Society for Personnel Administration- was founded by a small group of local personnel managers and University professors in 1974. Its goal was to provide open communication, networking and information to others in the same profession.

Who belongs to BNHRA?

BNHRA members represent the entire spectrum of the human resource profession. BNHRA includes over 600 Western New York human resource professionals. More than 60% of the members are management level, director level or above with decision making authority covering the entire scope of human resources.
